Operations and Business Intelligence professional with 4+ years of experience in royalty accounting, quality assurance and process automation.

## WORK EXPERIENCE

### Cineverse • Kolkata, India • 11/2023 - Present

#### Senior Royalty Analyst

- Prepare quarterly royalty statements for over 1,000 licensors across multiple media divisions.
- Lead and mentor junior analysts, ensuring timely and accurate financial reporting.
- Support month-end close activities and maintain audit-ready documentation.
- Manage vendor master data, ACH/Wire information, W-9/W-8 documentation, and payment records.
- Successfully delivered one of Cineverse's largest royalty reporting cycles with improved turnaround time.
- Contributed to automation initiatives that significantly reduced manual effort across reporting workflows.
- Trained and mentored new analysts while maintaining reporting accuracy and quality standards.

### Amazon • Bangalore, India • 04/2022 - 11/2023

#### Quality Specialist

- Conducted quality audits for over 15,000 operational cases while ensuring SOP compliance.
- Evaluated 25+ operational processes and improved process accuracy by 12%.
- Automated recurring reports using Power Query, reducing manual reporting effort by 87.5%.
- Monitored operational KPIs and generated performance reports for business stakeholders.
- Investigated customer escalations and implemented corrective actions.
- Coordinated task allocation across multiple teams using internal ticketing systems.
